

Empowering the underprivileged ones

Under the SEWA project, the MAVians of class IX - A, visited Municipal School in Thaltej, named Thaltej Prathmik Shala No. - 1/2 to empower the underprivileged children. We know that God has given us all that we need thereof, in order to be a part of pain of the economically backward sections of the society go through, we decided to choose this project. We performed various activities there: "ENGLISH-VINGLISH", "SHARING POHA", "HEALTH AND HYGIENE", "GOOD TOUCH BAD TOUCH" and "CHALO JHAT PAT BHOOKH MITAYE". We even taught communication skills, value of sharing food, health is wealth and cleanliness is next to Godliness and how to make food interesting and nutritious.

For communication skills "magic words" were introduced. We shared poha and students became very happy.

The importance of health and hygiene was told to the students. The concept of good touch and bad touch was introduced and the preventative measures were told. With some boring Chapatis, Chutney and some more things, we made a roll, in a wonderful manner.

Learning is a two way process- "you grasp" and "you teach". Through this

SEWA project, we learnt more than we taught. We learnt that some girls not only studied but took care of their younger siblings. Students clean their school themselves. They also had disciplinary skills. We also learnt not to underestimate anyone. Hence the purpose of SEWA was achieved.

Miloni Vasani & Shachi Goenka,
class IX
