Date : 27.06.2018

Dear Parents,

As you are aware that the '**SAFETY OF CHILD**' is of prime importance equally to you and to us. We all (Child, Parents and School Authorities) have to work together to improve upon this area.

We have already taken various measures to improve this area and are continuously monitoring this and upgrading, from time to time.

School does not have its own transportation facility like Buses / Mini Buses/ Vans etc. Most of the parents are using 2 wheelers / 3 wheelers / 4 wheelers / Private Vans etc., as the means of transportation. Some of the children are also coming to school on foot & on bicycle.

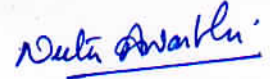

We request all parents to verify / check and satisfy themselves about the antecedents and conduct of the drivers of transport used by them. The parent must emphasize on the drivers about the safety of their children and the driver should drive safely. They should also emphasize upon drivers to ensure that once he picks up the child, the child should be allowed to get down at school only. Similarly, when child boards vehicle from the school, child should be allowed to get down only at the place of pick up. Similarly, the child should also be asked that if he/she notices anything unexpected or anything troubling his/her mind, such things should immediately be reported to the parents and school authorities so that corrective steps may be taken. It has been observed that in case of emergency, parents used to send 'Unknown Person / Relative / Neighbour etc. to pick up the child, which is not expected from you, please manage to come personally.

You would appreciate that we all need to work collectively to improve the system. If you have any suggestion, please send it through your ward or may convey during PTM.

Thanking you,

Yours faithfully,

DR. (SMT.) SHOBHA TYAGI
